## Safety Data Sheet

### Section 1: Product and Company Information

**Product Identifier**

**Product Name:**

**Fab-Pro**

**Product Number:**

20-266

**24 Hour Emergency Phone Numbers:**

1-800-535-5035

### Section 2: Hazards Identification

**GHS Classification**

The product contains no substances which at their given concentration, are considered to be hazardous to health.

**GHS Label Elements**

**Signal Word:**

NA

**Symbols:**

NA

**Hazard Statements:**

May be irritating to skin and eyes. Do not ingest.  
Prevent from entering drains and waterways.

**Appearance:** Blue-Green

**Physical State:** Liquid

**Odor:** Fresh

**Precautionary Statements – Prevention**

Wash thoroughly after handling. Avoid release into environment.  
Wear protective gloves. Wear eye/face protection.

**Precautionary Statements – Response**

If on skin: Wash with soap and water. Consult physician if irritation occurs. Remove and wash contaminated clothing. If in eyes: Rinse with water for several minutes. Remove contact lenses if present and continue rinsing. Contact physician. Ingestion: Drink 1 or 2 glasses of water and consult physician.

**Precautionary Statements – Disposal**

In accordance with all local, state and federal regulations.

**Hazards not otherwise classified (HNOC)  
Other information**

Unknown Acute Toxicity

None Known.

## Section 3: Composition / Information on Ingredients

| Chemical Name                      | CAS No.    | Weight-% | Trade Secret |
|------------------------------------|------------|----------|--------------|
| Sodium Tripolyphosphate, Anhydrous | 7758-29-4  | 1-5      | *            |
| Alcohols, C9-11, ethoxylated       | 68439-46-3 | 1-5      | *            |
| Sodium xylene sulfonate            | 1300-72-7  | 1-5      | *            |
| Tetrapotassium pyrophosphate       | 7320-34-5  | 1-5      | *            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## Section 4: First Aid Measures

|                                         |                                                                                                                                                               |
|-----------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General Advice:</b>                  | Ensure that medical personnel are aware of the material involved and take precautions to protect themselves.                                                  |
| <b>Eye Contact:</b>                     | Immediately flush with water for 15 minutes. Remove contact lenses if present and easy to do. Continue rinsing. Get medical attention if irritation persists. |
| <b>Skin Contact:</b>                    | Wash with soap and water. If irritation occurs get medical attention. Remove and launder contaminated clothing before reuse.                                  |
| <b>Inhalation:</b>                      | Move to fresh air. Call physician if symptoms develop or persist.                                                                                             |
| <b>Ingestion:</b>                       | Drink 1 or 2 glasses of water. Get medical attention if symptoms appear.                                                                                      |
| <b>Self-protection for first aider:</b> |                                                                                                                                                               |
| <b>Note to physicians:</b>              | Provide general supportive measures and treat symptomatically.                                                                                                |

## Section 5: Fire-Fighting Measures

|                                                                |                                                                               |
|----------------------------------------------------------------|-------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media:</b>                           | Non-combustible. Suitable for surrounding environment.                        |
| <b>Hazardous Combustion Products:</b>                          | During fire, gases hazardous to health may be formed.                         |
| <b>Specific Hazards Arising from Chemical:</b>                 | No unusual fire or explosion hazards noted.                                   |
| <b>Protective equipment and precautions for fire-fighters:</b> | Self-contained breathing apparatus and full protective clothing must be worn. |

## Section 6: Accidental Release Measures

|                              |                                                                                                                                                              |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal Precautions:</b> | Keep unnecessary personnel away. Wear appropriate protective equipment and clothing. Ensure adequate ventilation.                                            |
| <b>Spill Clean-Up:</b>       | Wipe up small spills with absorbent material. Clean surface thoroughly to remove any residual. Prevent material from entering drains. Flush area with water. |

## Section 7: Handling and Storage

|                                 |                                                                                     |
|---------------------------------|-------------------------------------------------------------------------------------|
| <b>Advice on Safe Handling:</b> | Handle in accordance with good industrial hygiene and safety practices.             |
| <b>Storage Conditions:</b>      | Store in original container and keep tightly closed. Store in well-ventilated area. |
| <b>Incompatible Materials:</b>  | None known.                                                                         |

## Section 8: Exposure Controls

| <u>Product Name</u> | <u>Exposure Limits</u> |
|---------------------|------------------------|
| ND                  | ND                     |

| <b>Personal Protective Equipment</b>   |                                                                                                                                            |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye/Face Protection:</b>            | Safety glasses with side shields or goggles.                                                                                               |
| <b>Skin and Body Protection:</b>       | Protective gloves and appropriate chemical resistant clothing.                                                                             |
| <b>Respiratory Protection:</b>         | If ventilation is insufficient, wear suitable respiratory equipment.                                                                       |
| <b>General Hygiene Considerations:</b> | Wash after handling and before eating, drinking and smoking. Routinely wash work clothing and protective equipment to remove contaminants. |

## Section 9: Physical and Chemical Properties

|                          |               |                                                 |                          |
|--------------------------|---------------|-------------------------------------------------|--------------------------|
| <b>Physical State:</b>   | Liquid        | <b>Color:</b>                                   | Blue-Green               |
| <b>pH:</b>               | 8.0 – 8.5     | <b>Odor:</b>                                    | Fresh                    |
| <b>Boiling Point:</b>    | >212°F        | <b>Vapor Pressure:</b><br>MM HG/20 DEG, C:      | ND                       |
| <b>Specific Gravity:</b> | 1.01          | <b>Evaporation Rate:</b><br>(Butyl Acetate = 1) | Slower than ethyl ether. |
| <b>Solubility:</b>       | 100% in water |                                                 |                          |

## Section 10: Stability and Reactivity

|                                          |                                                       |
|------------------------------------------|-------------------------------------------------------|
| <b>Chemical Stability and Reactivity</b> | Stable and non-reactive under normal conditions.      |
| <b>Possible Hazardous Reactions</b>      | No dangerous reactions known under normal conditions. |
| <b>Conditions to Avoid</b>               | Extreme heat.                                         |
| <b>Incompatible Materials</b>            | None known.                                           |
| <b>Hazardous Decomposition Products</b>  | CO, CO2, Sulphur oxides, Sodium oxides,               |

## Section 11: Toxicological Information

| Acute Toxicity                          |                                                |                      |                                        |          |
|-----------------------------------------|------------------------------------------------|----------------------|----------------------------------------|----------|
| Product/Ingredient Name                 | Result                                         | Species              | Dose                                   | Exposure |
| Alcohols, C9-11, ethoxylated            | LD50, Oral<br>LD50, Dermal                     | Rat<br>Rabbit        | >2000 mg/kg<br>2730 mg/kg              |          |
| Sodium tripolyphosphate, anhydrous      | LD50, Oral<br>LD50, Dermal<br>LC50, Inhalation | Rat<br>Rabbit<br>Rat | 5400 mg/kg<br>>7940 mg/kg<br>>.39 mg/L | 4 h      |
| Sodium xylene sulfonate                 | LD50, Oral                                     | Rat                  | 4000 mg/kg                             |          |
| Tetrapotassium pyrophosphate, anhydrous | LD50, Oral<br>LD50, Dermal                     | Rat<br>Rabbit        | 2980 mg/kg<br>>7940 mg/kg              |          |

| Information on likely routes of exposure |                                 |
|------------------------------------------|---------------------------------|
| Product Information                      |                                 |
| Inhalation:                              | May irritate respiratory tract. |
| Eye Contact:                             | Can cause eye irritation.       |
| Skin Contact:                            | May be slightly irritating.     |
| Ingestion:                               | Low hazard expected.            |

## Section 12: Ecological Information

|                        |                                                    |
|------------------------|----------------------------------------------------|
| Environmental Effects: | No information available.                          |
| General Notes:         | No adverse effects are expected from this product. |

## Section 13: Disposal Considerations

|                    |                                                                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Waste Information: | Waste must be disposed of in accordance with federal, state and local environmental control regulations. Consult your local or regional authorities for additional information. |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Section 14: Transport Information

| Regulatory Information | UN Number | Proper Shipping Name | Classes | PG* | Label |
|------------------------|-----------|----------------------|---------|-----|-------|
| DOT Classification     |           | Not regulated        |         |     |       |
| IMDG Class             |           | Not regulated        |         |     |       |

**NOTE:** DOT Classification applies to most package sizes. For specific container size classifications or for size exceptions, refer to the Bill of Lading with your shipment.

PG\*: Packaging Group

## Section 15: Regulatory Information

|                              |             |
|------------------------------|-------------|
| OSHA (29 CFR 1910.1001-1050) | Not listed. |
| CERCLA                       | Not listed. |

## Section 16: Other Information

|      | Health Hazards | Flammability | Physical Hazards | Personal Protection |
|------|----------------|--------------|------------------|---------------------|
| HMIS | 1              | 0            | 0                |                     |
| NFPA | 1              | 0            | 0                |                     |
