

## MATERIAL SAFETY DATA SHEET

**Product Trade Name:** INJECTROL® COMPONENT A

**Revision Date:** 20-Dec-2012

### 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

**Statement of Hazardous Nature** Hazardous according to the criteria of NOHSC, Non-Dangerous Goods according to the criteria of ADG.

**Manufacturer/Supplier** Halliburton Australia Pty. Ltd.  
15 Marriott Road  
Jandakot  
WA 6164  
Australia

ACN Number: 009 000 775  
Telephone Number: 61 (08) 9455 8300  
Fax Number: 61 (08) 9455 5300

**Product Emergency Telephone**  
Australia: 08-64244950  
Papua New Guinea: 05 1 281 575 5000  
NewZealand: 06-7559274

**Fire, Police & Ambulance - Emergency Telephone**  
Australia: 000  
Papua New Guinea: 000  
New Zealand: 111

#### Identification of Substances or Preparation

**Product Trade Name:** INJECTROL® COMPONENT A  
**Synonyms:** None  
**Chemical Family:** Silicate  
**UN Number:** None  
**Dangerous Goods Class:** None  
**Subsidiary Risk:** None  
**Hazchem Code:** None Allocated  
**Poisons Schedule:** S5  
**Application:** Resin

**Prepared By** Chemical Compliance  
Telephone: 1-580-251-4335  
e-mail: fdunexchem@halliburton.com

### 2. COMPOSITION/INFORMATION ON INGREDIENTS

| Substances      | CAS Number | PERCENT  | Australia<br>NOHSC | New Zealand<br>WES | ACGIH TLV-TWA  |
|-----------------|------------|----------|--------------------|--------------------|----------------|
| Sodium silicate | 1344-09-8  | 30 - 60% | Not applicable     | Not applicable     | Not applicable |

## Non-Hazardous Substance to Total of 100%

### 3. HAZARDS IDENTIFICATION

**Hazard Overview** May cause eye, skin, and respiratory burns. May be harmful if swallowed.

**Risk Phrases** R36/37/38 Irritating to eyes, respiratory system and skin.

**HSNO Classification** Not Determined

### 4. FIRST AID MEASURES

**Inhalation** If inhaled, remove from area to fresh air. Get medical attention if respiratory irritation develops or if breathing becomes difficult.

**Skin** In case of contact, immediately flush skin with plenty of soap and water for at least 15 minutes. Get medical attention. Remove contaminated clothing and laundry before reuse.

**Eyes** In case of contact, or suspected contact, immediately flush eyes with plenty of water for at least 15 minutes and get medical attention immediately after flushing.

**Ingestion** Do not induce vomiting. Slowly dilute with 1-2 glasses of water or milk and seek medical attention. Never give anything by mouth to an unconscious person.

**Notes to Physician** Not Applicable

### 5. FIRE FIGHTING MEASURES

**Suitable Extinguishing Media** Water fog, carbon dioxide, foam, dry chemical.

**Extinguishing media which must not be used for safety reasons** None known.

**Special Exposure Hazards** Decomposition in fire may produce toxic gases.

**Special Protective Equipment for Fire-Fighters** Full protective clothing and approved self-contained breathing apparatus required for fire fighting personnel.

### 6. ACCIDENTAL RELEASE MEASURES

**Personal Precautionary Measures** Use appropriate protective equipment.

**Environmental Precautionary Measures** Prevent from entering sewers, waterways, or low areas.

**Procedure for Cleaning / Absorption** Isolate spill and stop leak where safe. Contain spill with sand or other inert materials. Neutralize to pH of 6-8. Scoop up and remove. Do NOT spread spilled product with water.

### 7. HANDLING AND STORAGE

**Handling Precautions** Avoid contact with eyes, skin, or clothing. Avoid breathing vapors. Wash hands after use. Launder contaminated clothing before reuse.

**Storage Information**

Store away from acids. Store in a cool well ventilated area. Keep container closed when not in use.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

|                               |                                                                                                                  |
|-------------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Engineering Controls</b>   | Use in a well ventilated area. Local exhaust ventilation should be used in areas without good cross ventilation. |
| <b>Respiratory Protection</b> | Dust/mist respirator. (N95, P2/P3)                                                                               |
| <b>Hand Protection</b>        | Impervious rubber gloves.                                                                                        |
| <b>Skin Protection</b>        | Full protective chemical resistant clothing.                                                                     |
| <b>Eye Protection</b>         | Chemical goggles; also wear a face shield if splashing hazard exists.                                            |
| <b>Other Precautions</b>      | Eyewash fountains and safety showers must be easily accessible.                                                  |

**9. PHYSICAL AND CHEMICAL PROPERTIES**

|                                                              |                |
|--------------------------------------------------------------|----------------|
| <b>Physical State:</b>                                       | Liquid         |
| <b>Color:</b>                                                | Clear to hazy  |
| <b>Odor:</b>                                                 | Slightly soapy |
| <b>pH:</b>                                                   | 11.3           |
| <b>Specific Gravity @ 20 C (Water=1):</b>                    | 1.4            |
| <b>Density @ 20 C (kg/l):</b>                                | 1.4            |
| <b>Bulk Density @ 20 C (kg/m<sup>3</sup>):</b>               | Not Determined |
| <b>Boiling Point/Range (C):</b>                              | 100            |
| <b>Freezing Point/Range (C):</b>                             | -2             |
| <b>Pour Point/Range (C):</b>                                 | Not Determined |
| <b>Flash Point/Range (C):</b>                                | Not Determined |
| <b>Flash Point Method:</b>                                   | Not Determined |
| <b>Autoignition Temperature (C):</b>                         | Not Determined |
| <b>Flammability Limits in Air - Lower (g/m<sup>3</sup>):</b> | Not Determined |
| <b>Flammability Limits in Air - Lower (%):</b>               | Not Determined |
| <b>Flammability Limits in Air - Upper (g/m<sup>3</sup>):</b> | Not Determined |
| <b>Flammability Limits in Air - Upper (%):</b>               | Not Determined |
| <b>Vapor Pressure @ 20 C (mmHg):</b>                         | 156            |
| <b>Vapor Density (Air=1):</b>                                | Not Determined |
| <b>Percent Volatiles:</b>                                    | 80             |
| <b>Evaporation Rate (Butyl Acetate=1):</b>                   | Not Determined |
| <b>Solubility in Water (g/100ml):</b>                        | Soluble        |
| <b>Solubility in Solvents (g/100ml):</b>                     | Not Determined |
| <b>VOCs (g/l):</b>                                           | Not Determined |
| <b>Viscosity, Dynamic @ 20 C (centipoise):</b>               | Not Determined |
| <b>Viscosity, Kinematic @ 20 C (centistokes):</b>            | Not Determined |
| <b>Partition Coefficient/n-Octanol/Water:</b>                | Not Determined |
| <b>Molecular Weight (g/mole):</b>                            | Not Determined |
| <b>Decomposition Temperature (C):</b>                        | Not Determined |

**10. STABILITY AND REACTIVITY**

|                                             |                                                                                  |
|---------------------------------------------|----------------------------------------------------------------------------------|
| <b>Stability Data:</b>                      | Stable                                                                           |
| <b>Hazardous Polymerization:</b>            | Will Not Occur                                                                   |
| <b>Conditions to Avoid</b>                  | None anticipated                                                                 |
| <b>Incompatibility (Materials to Avoid)</b> | Strong acids. Amphoteric metals such as aluminum, magnesium, lead, tin, or zinc. |

|                                         |                |
|-----------------------------------------|----------------|
| <b>Hazardous Decomposition Products</b> | Toxic fumes.   |
| <b>Additional Guidelines</b>            | Not Applicable |

## 11. TOXICOLOGICAL INFORMATION

|                                               |                                                                                                            |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Principle Route of Exposure</b>            | Eye or skin contact, inhalation.                                                                           |
| <b><u>Symptoms related to exposure</u></b>    |                                                                                                            |
| <b>Inhalation</b>                             | Causes severe respiratory irritation.                                                                      |
| <b>Skin Contact</b>                           | May cause skin burns.                                                                                      |
| <b>Eye Contact</b>                            | May cause eye burns.                                                                                       |
| <b>Ingestion</b>                              | Causes burns of the mouth, throat and stomach.                                                             |
| <b>Aggravated Medical Conditions</b>          | Skin disorders.                                                                                            |
| <b>Chronic Effects/Carcinogenicity</b>        | No data available to indicate product or components present at greater than 1% are chronic health hazards. |
| <b>Other Information</b>                      | None known.                                                                                                |
| <b>Toxicity Tests</b>                         |                                                                                                            |
| <b>Oral Toxicity:</b>                         | LD50: 2000-3000 mg/kg (Rat)                                                                                |
| <b>Dermal Toxicity:</b>                       | Not determined                                                                                             |
| <b>Inhalation Toxicity:</b>                   | Not determined                                                                                             |
| <b>Primary Irritation Effect:</b>             | Not determined                                                                                             |
| <b>Carcinogenicity</b>                        | Not determined                                                                                             |
| <b>Genotoxicity:</b>                          | Not determined                                                                                             |
| <b>Reproductive / Developmental Toxicity:</b> | Not determined                                                                                             |

## 12. ECOLOGICAL INFORMATION

|                                  |                |
|----------------------------------|----------------|
| <b>Mobility (Water/Soil/Air)</b> | Not determined |
| <b>Persistence/Degradability</b> | Not determined |
| <b>Bio-accumulation</b>          | Not determined |

### Ecotoxicological Information

|                                    |                |
|------------------------------------|----------------|
| <b>Acute Fish Toxicity:</b>        | Not determined |
| <b>Acute Crustaceans Toxicity:</b> | Not determined |
| <b>Acute Algae Toxicity:</b>       | Not determined |
| <b>Chemical Fate Information</b>   | Not determined |
| <b>Other Information</b>           | Not applicable |

### 13. DISPOSAL CONSIDERATIONS

|                               |                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------|
| <b>Disposal Method</b>        | Disposal should be made in accordance with federal, state, and local regulations. |
| <b>Contaminated Packaging</b> | Follow all applicable national or local regulations.                              |

### 14. TRANSPORT INFORMATION

#### Land Transportation

**ADR**  
Not restricted

#### Air Transportation

**ICAO/IATA**  
Not restricted

#### Sea Transportation

**IMDG**  
Not restricted

#### Other Transportation Information

**Labels:** None

### 15. REGULATORY INFORMATION

#### Chemical Inventories

|                                           |                                                            |
|-------------------------------------------|------------------------------------------------------------|
| <b>Australian AICS Inventory</b>          | All components listed on inventory or are exempt.          |
| <b>New Zealand Inventory of Chemicals</b> | All components listed on inventory or are exempt.          |
| <b>US TSCA Inventory</b>                  | All components listed on inventory or are exempt.          |
| <b>EINECS Inventory</b>                   | This product, and all its components, complies with EINECS |

**Classification** Xi - Irritant.

#### Risk Phrases

R36/37/38 Irritating to eyes, respiratory system and skin.

#### Safety Phrases

S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.  
S36/37/39 Wear suitable protective clothing, gloves and eye/face protection.
