KöR® Impression Tray Adhesive

SDS 60-1023

DCO	14-1012	Effective Date	6-13-2014	REV	0	Page	1 of 2
-----	---------	----------------	-----------	-----	---	------	--------

1. IDENTIFICATION

Product Name: KöR Impression Tray Adhesive
Distributed by: Evolve Dental Technologies, Inc.
Address: 5 Vanderbilt
City, State, Zip: Irvine, CA 92618
Telephone: (866) 763-7753 / (949) 713-0909

2. HAZARD(S) IDENTIFICATION

Adverse health effects: May cause dizziness, headache, nausea and mental confusion if inhaled. May cause irritation or dermatitis on skin exposure. May cause severe eye irritation. Harmful if ingested with both acute and possible chronic effects.
Physical hazards: Material is flammable
Environmental hazards: Flammable liquid

3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Family: Adhesive for vinyl silicone
Hazardous components: Petroleum Ether (8032-32-4), Xylene (1130-20-7)

4. FIRST-AID MEASURES

Inhalation: Remove to fresh air. Seek medical attention if adverse health effects are experienced.
Skin contact: Wipe off with towel. Wash skin with plenty of water and soap. If irritation develops, seek medical attention.

Eye contact: Flush immediately with plenty of water (for at least 15 minutes). If irritation persists, see eye doctor.

Ingestion: Seek medical attention immediately.

5. FIRE-FIGHTING MEASURES

Extinguishing Media:

Unsuitable: water is not recommended
Appropriate: Water spray, Foam, Powder, Carbon dioxide.

Specific Hazards: Appropriate protective equipment must be worn in case of fire. Solvent vapors may form explosive mixtures with air. Vapors may travel to source of ignition and flash back.

Specific Intervention Methods: Appropriate protective equipment must be worn in case of fire.

6. ACCIDENTAL RELEASE MEASURE

Recovery: Eliminate all ignition sources. Contain and absorb spilled material using an appropriate solvent spill absorbent. Collect in a suitable container for disposal.
Cleaning / Decontamination: Residual material should evaporate from impervious surfaces. Do not flush into sewer system.
Disposal: Material can be burned in approved incinerator in accordance with federal, state and local regulations.

7. HANDLING AND STORAGE

Handling: Product should only be handled by dentists or upon their instructions. Wear appropriate protective equipment and clothing. Provide adequate ventilation. Prevent contact with skin and eyes. Avoid inhalation or ingestion.

Storage:

Containers: Store in supplied packaging, such as containers (keep container tightly closed).
Incompatibilities: None
Conditions: Store container upright away from heat sources.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering controls: Ensure adequate ventilation when handling

Person protective equipment:

Hand Protection: Impervious gloves are recommended
Eye Protection: Eye protection recommended
