

MATERIAL SAFETY DATA SHEET

SUN GOLD

5000 Chinden Boulevard
P.O. Box 140077
Boise, Idaho 83714
208-376-3040
800-434-1343

Section I - Product Identification

Product Name: Sun Gold
Product Number: N/A
Product Class: Concentrated all purpose cleaner

Section II - Hazardous Ingredients

	<u>%</u>	<u>TLV</u>
Corrosive - None	0	0
Catalyst - None	0	0
Vehicle - Water	N/A	N/A
Solvents - None	0	0
DOT Hazard Class - Not Required	N/A	N/A
EPA Reportable Quantity - Not Regulated	0	0

Section III - Physical Data

Boiling Point: N/A
Evaporation Rate: Nil
Wt/Gal: 10 lbs.
Solubility in Water: Yes
Vapor Pressure: N/A
Vapor Density: N/A
Appearance: White
Odor: Pleasant

Section IV - Fire and Explosion Data

Flash Point: None to 400 deg.
Extinguishing Media: Water, CO2
Fire Fighting Procedure: None, special cool material,
Material solvable in water
Fire and Explosion Hazards: None known

Section V – Reactivity Data

Stability:	Stable
Hazardous Polymerization:	Will not occur
Hazardous Decomposition:	None known
Conditions to Avoid:	None known
Incompatibility:	Prolonged burning may produce Oxides of carbon, nitrogen, or sulphur.

Section VI – Health Hazards

Primary Routes of Entry:	Dermal, inhalation, and ingestion
Effects of Overexposure:	Avoid contact with eyes, possible eye irritant. Upon contact, flush thoroughly with water. If irritation continues, consult a physician.
Medical Condition Prone Aggravation By Exposure:	No restrictive medical conditions known, possible dehydrating aggravation upon contact with skin disorder.
Emergency and First Aid Procedures	
Eyes:	Flush with running water for 15 minutes
Skin:	Flush affected area with water.
Inhalation:	N/A

Section VII – Spill or Leak Procedures

Steps to be taken in case of spill or leakage:	Recover all usable material. Small spills flush with hot water. For large spills, spread with absorbent material, place in closed container then flush with water.
Waste Disposal Method:	Haul to approved dump. Material is biodegradable. Wash residue to sewer with hot water. Follow all applicable government regulations.

Section VIII – Special Protection Information

Other Protection:	None required
-------------------	---------------

Section IX – Special Precautions

Precautions to be taken in handling and storage. Spilled material is slippery on walkways and highways. Store above 32 degrees F. Avoid excessive heat.
