**MATERIAL SAFETY DATA SHEET****PRODUCT NAME:** Body Drench Moonbeam**DATE:** 2/26/2004**ITEM:** SLOP005**REV.** NEW**Section 1. Material Identification and Information****Hazardous Ingredients:**

| Component                | CAS # | % | TOXICOLOGICAL DATA |
|--------------------------|-------|---|--------------------|
| No Hazardous Ingredients |       |   |                    |

**Section 2. Physical / Chemical Characteristics**

|                             |                |                          |       |
|-----------------------------|----------------|--------------------------|-------|
| <b>Boiling Point:</b>       | N/A            | <b>Specific Gravity:</b> | 0.900 |
| <b>Vapor Pressure:</b>      | Not Determined | (@ 25°C)                 |       |
| (mm Hg and Temperature)     |                | <b>Melting Point:</b>    | N/A   |
| <b>Vapor Density:</b>       | Not Determined | <b>Evaporation Rate:</b> | N/A   |
| (Air = 1)                   |                | <b>Water Reactive:</b>   | N/A   |
| <b>Solubility in Water:</b> | Soluble        | <b>Volatiles:</b>        | 70%   |
| <b>Odor:</b>                | Characteristic | (by weight)              |       |
| <b>Appearance:</b>          | Viscous Lotion | <b>pH:</b>               | 6.0   |

**Section 3. Fire and Explosion Hazard Data**

|                                            |                                                                                                                                                                                                         |
|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Flash Point and Method Used:</b>        | N/A                                                                                                                                                                                                     |
| <b>Flammability Classification:</b>        | Noncombustible                                                                                                                                                                                          |
| <b>Extinguisher Media:</b>                 | N/A                                                                                                                                                                                                     |
| <b>Special Fire Fighting Procedures:</b>   | Attempt to keep containers and/or product cool with water spray. Do not use direct water stream as it may spread fire to a larger area. Wear full bunker gear while controlling fire in confined areas. |
| <b>Unusual Fire and Explosion Hazards:</b> | Keep containers cool and away from flames, and sources of ignition. Do no crush or puncture containers. Closed containers exposed to excessive heat may rupture.                                        |

**Section 4. Reactivity Hazard Data**

|                                  |                                                                                                                                 |                                                    |
|----------------------------------|---------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------|
| <b>Stability:</b>                | <input checked="" type="checkbox"/> Stable                                                                                      | <input type="checkbox"/> Unstable                  |
| <b>Conditions to Avoid:</b>      | Heat, sparks, flame, strong acids and contact with oxidizing agents.                                                            |                                                    |
| <b>Hazardous Decomposition:</b>  | Excessive heat may cause Carbon Monoxide, Carbon Dioxide, Oxides of Nitrogen and unidentified organic compounds to be released. |                                                    |
| <b>Hazardous Polymerization:</b> | <input type="checkbox"/> May Occur                                                                                              | <input checked="" type="checkbox"/> Will Not Occur |

**MATERIAL SAFETY DATA SHEET****PRODUCT NAME:** Body Drench Moonbeam**DATE:** 2/26/2004**ITEM:** SLOP005**REV.** NEW**Section 5. Health Hazard Data****Primary Routes of Entry:**☒ Inhalation☒ Skin Absorption☐ Ingestion☐ Eye Contact**Carcinogen Listed In:**☐ NTP☐ IARC Monograph☐ OSHA☒ Not Listed**Health Hazards:**

Eye Contact:

Product may cause mild irritation to server eye irritation.

Skin Contact:

Repeated skin contact may cause irritation to sensitive people. Avoid contact with damaged skin.

Inhalation:

May cause irritation to mucous membranes of the upper respiratory tract.

Ingestion:

May irritate digestive tract and cause diarrhea, stomach and intestinal discomfort

Chronic Effects:

None Known.

**Emergency First Aid Procedures:**

Eye Contact:

Irrigate with flowing water immediately and continuously for up to 15 minutes. Consult medical personnel if irritation persists.

Skin Contact:

Wash affected area with mild soap and plenty of tepid water for at least 15 minutes. Launder contaminated clothing before reuse. Consult physician if irritation persists.

Inhalation:

If ill effects occur, remove to fresh air. If breathing has stopped, perform artificial respiration. Seek medical attention as needed.

Ingestion:

If conscious, victim should rinse residue from mouth. Call physician or Poison Control Center immediately.

Note to Physician:

No specific antidote. Treat symptomatically.

**Section 6. Control and Protective Measures****Respiratory Protections (Specific Type):**

Follow OSHA respirator regulations (29 CFR 1910.134). If necessary, wear SCBA.

**Ventilation to be Used:**

Provide general or local exhaust systems to maintain airborne concentration of hazardous materials below OSHA PELs.

**Personal Protective Equipment:**

As necessary, wear protective gloves, boots, aprons, and gauntlets. Wear protective eyeglasses or safety goggles per OSHA regulations (29 CFR 1910.133).

**Section 7. Precautions for Safe Handling and Use / Leak Procedures****Steps to be Taken if Material is Spilled or Released:**

For small spills or leaks, contain spill with inert material; sweep up, and place in a disposal container. For large spills, dike far ahead of spill for later disposal. Do not release into sewers or water-ways.

**Waste Disposal Methods:**

Disposal requirements are dependent on hazard classification and will vary by location and type of disposal selected.

**Handling & Storage:**

Practice good personal hygiene after handling this product. Protect containers from physical damage, shield them from direct sunlight, and store in cool, dry others.

**Section 8. Other Information****DOT Transport Information (49 CFR 172.101):**

|                |                        |
